

In TJC, we take great pride in providing our students with an environment that encourages them to discover and hone their talents. The rigorous quality of our programmes, as well as our teachers' care and support for all students, has resulted in consistently excellent performances from our IP students each year and has also placed us as the top value-added junior college in the 2019 GCE A-Level examinations. This gives us the confidence to recommend TJC IP to your Primary 6 students, who can be assured of the same nurturing environment that has seen their seniors grow.

This year, due to the evolving Covid-19 situation, many of our usual outreach platforms to primary schools have had to be postponed or changed. In light of this, I invite you to encourage your Primary 6 students to view our virtual Open House on 16 May, via our college website. Please do let them know that more information about TJC can be found on our website as well as social media platforms.

Website: <https://www.temasekjc.moe.edu.sg/>

Facebook: <https://www.facebook.com/TemasekJunior.College>

Should you require more information, please contact our Head of Engagement and Partnerships, Ms Kwan Kah Wai, at kwan_kah_wai_jenny@moe.edu.sg.

Furthermore, in view of the recent changes to the Direct Schools Admission (DSA) exercise, we value your knowledge of your students and would appreciate it if you could identify suitable students to participate in our 2020 DSA exercise. These students should show promise in the following talent areas:

Chinese Language	Concert Band
English Language	Badminton
Mathematics	Basketball
Science	Ten-Pin Bowling
Music (for the Music Elective Programme)	Leadership
